

Sport and Social Inclusion: Future for Children

FUTURE++ proposes a comprehensive and appropriate training related to inclusion allowing coaches to become skillful in delivering quality services to their students.

WELCOME TO THE SECOND FUTURE++ PROJECT NEWSLETTER!

In this issue of the Future++ Newsletter, we review:

- Discover the European Network of Coaches!
- Highlights from the project meeting in Palermo
- What's next?

At the end of the newsletter, you can find information on who the partners are behind FUTURE++ project, as well as contact information.

Happy reading!

Discover the EUROPEAN NETWORK OF COACHES

The Future ++ European Network of Coaches for Social Inclusion is now available on our website!

To sign up at the platform, click on the top right button of the Future++ website (<https://future2plus.eu/>) called "Network Platform" and provide an e-mail to confirm your registration.

The European Network of Coaches aims at becoming a forum for new methodologies and tools to explore, experiment and test innovative approaches to addressing social challenges.

This is one of the tools that the project Future++ is developing to connect coaches from different countries, make them discuss about different topics and find new strategies and solutions that can help them when it comes to promote inclusion of children through sport.

Within this network, the coaches, sports instructors and stakeholders of the sector involved will be able to find good practices, indications, and advices to promote the social inclusion of children and young adults through sporting practice.

The partners meet in Palermo

On April 20 and 21, 2023, partners of the project met for the 6th Project Meeting in Palermo (Italy) to talk about the progress in the implementation of activities and to define the next steps of the project.

The meeting was hosted by CEIPES at its premises. The whole team shared the project's progress regarding the structure of the content created for the e-learning platform, their impressions about the launching of the European Network for Coaches and the results of the Dissemination Plan so far.

Also, they discussed the next steps for the project, how to improve the dissemination of all the content and decided deadlines in order to keep up to date with all the progress.

What's next?

- The partners are going to meet in Athens, Greece on 13th September 2023.
- Soon we will release a series of educational contents on the Future++ Online Learning Platform. Created for anyone involved in organized youth sports, coaches and organizational staff alike, we will cover a range of topics aiming to make your environment more inclusive. If you are curious to find out how writing a DEI Statement or learning about critical pedagogy can help you and your organization become more inclusive, check out the Future++ Online Learning platform.

Stay tuned!
